

2018 ONE-STOP OPERATOR RFP  
**QUESTION & ANSWER**

Q1: Does AAWDC envision using a cost reimbursement or fixed price contract?

A1: AAWDC envisions paying by Tasks for the proposed services under the contractual agreement.

Q2: Given that there are 12 bullets of tasks, can a proposer batch related tasks and prepare budgets on each task brings the number of budget areas down to 4 or 5 compared to 12?

A2: Yes, you can batch related tasks; however, you will need to enumerate the tasks so that we can keep track of them.

Q3: On page 12 of the RFP, the first task bullet may have been unintentionally shortened. Can you confirm and if so, can you please add any language that was intended to follow "for..."?

A3: Remove the "for" and that completes the statement.
